

BJC School Outreach and Youth Development Program Fees*

Topics cover career exploration and six areas of health for school-age youth; nutrition, physical activity, safety, tobacco, substance use/misuse and sexual behaviors.

Student Programs

Long-Term Programs

- 4-week session programs: \$500.00
- 6-week session programs: \$650.00
- 8-week session program – Smoke-free Teens **On Purpose (STOP)**: No-cost

One-Time Programs

- Diseased Organs: 1-2 classes: \$100.00
3-6 classes: \$200.00

Career Exploration

- A variety of health care career opportunities offered to youth and staff. These opportunities can be found on the website or by contacting the BJC School Program Line.

For a list of additional available one-time programs, at no-cost, visit our website.

Professional Development Services

Staff/Professional Development: \$100.00 per hour

- This service will provide specific health topic within our six areas for professional in-services, district workshops, etc. Each service is a tailored training/presentation to meet specific requests.

Education Training Series (ETS) – 4-week programs: \$600.00 | 6-week programs: \$800.00

- This service is a half-day interactive training with individuals designated to implement BJC School Outreach and Youth Development's health curriculum. Training and curricula manual is provided with ongoing technical assistance to support the work and to achieve the best outcomes regarding the designated health behavior change.

Annual workshops/conferences offered

- Tools for Building Healthier Youth: One-full day
- School Nurse Survival Training: Two-full days

For more information or to discuss specific health education and professional development needs, please contact the BJC School Program Line.

*Scholarships and reduced rates are available. *Fees are based off of a maximum of 30 students per class and scheduling is on a first come first serve basis.*
